

Master Plan for Lakeside Park Survey Questions

The City of Chelan needs your help!

We are preparing a Master Plan for Lakeside Park to help guide future improvements to the park and we need your input. As part of this Master plan we're applying for State recreation funding for a Phase 1 Improvement that will improve parking facilities, restroom facilities and water access at Lakeside. With the community's input, the City will be able to better demonstrate a need for improved facilities which increases the likelihood of being awarded a grant to implement Phase 1 of the project.

Please take a few minutes to answer the survey questions linked to below; your input is greatly appreciated and will help build the case for improved facilities at Lakeside Park.
